

OUR SHARED GOAL

Understand more. Live with more freedom.

Financial freedom as a personal aspiration: more room to act, more thoughtful decisions and a more fulfilling life. Together, we explore change in the digital age and the evolution of money and financial systems.

WHAT WE WORK ON TOGETHER

Learn. Grow. Stack.: understand money and the global economy, act on your goals and connect with people. Explore Bitcoin and mining, assess costs and risks, and evaluate your own approach to accumulation.

GETTING STARTED IS FREE.

Calls, workshops and community conversations are free. No investment, crypto knowledge, business experience or team-building experience is required. Buying a mining offering is a separate, optional decision.

WHAT TO BRING

Bring curiosity, openness to new perspectives and respect for others. To get more out of the experience, try the exercises and ask questions. You choose your own pace and how actively to participate.

Expect accessible content, practical ideas and mutual support. Financial freedom is an aspiration, not a promised outcome of these twelve weeks.

SUNDAY · TUESDAY · THURSDAY

Your weekly schedule. The week at a glance.

TWO LIVE CALLS + ONE ON-DEMAND WORKSHOP

Get started together on Sundays, learn at your own pace on Tuesdays and explore questions on Thursdays. All sessions are free and optional.

SUNDAY

LIVE · INTRODUCTION & QUESTIONS

Satoshi & the mining offering

Explore how it works, costs, opportunities, risks and open questions in plain language. For beginners and anyone curious.

TUESDAY

VIDEO / PODCAST · ON DEMAND

Your weekly workshop

Learn, Grow and Stack alternate: money, personal development and Bitcoin. Watch or listen whenever it suits you.

THURSDAY

LIVE · MEMBERS

Hot Seat & Training

Bring questions, share experiences and work through specific challenges together. You are just as welcome to listen and learn.

Starts Sunday, 20 September 2026 at 18:00 Berlin time. All sessions are optional. Access links and further dates will be shared on the website and WhatsApp.

SUNDAYS · LIVE FOR NEWCOMERS

Get to know Satoshi.

Ask your questions.

The Sunday call introduces the Satoshi mining offering. Get a clear explanation and time for your questions. No prior knowledge or investment is needed to take part.

01 Understand the offering

What does Satoshi offer? How are mining power, reward allocation and withdrawals intended to work? We explain the key terms and processes.

02 Explore opportunities and limits

We discuss costs, requirements, risks and unanswered questions. We clearly distinguish provider statements, personal experiences and verified facts.

03 Ask questions and decide for yourself

Ask your questions or simply listen. Afterwards, take your time to decide whether and how you want to explore the offering further.

OPEN. FREE. NO PURCHASE REQUIRED.

First call: 20 September 2026 at 18:00 Berlin time. The access link will be posted on the website. Critical questions are welcome too.

TUESDAYS • SEASON 01

Learn. Grow. Stack.

Weeks 01 to 06.

Three alternating areas: money and the global economy, goals and leadership, Bitcoin and mining. Every episode includes a practical exercise.

01

LEARN. | BITCOIN & MONEY

Why Bitcoin?

From the 2008 whitepaper to the network launch in 2009: the monetary system, the original idea and the questions Bitcoin raises.

02

GROW. | GOALS & HABITS

Turn your intention into a plan

What do you want to change, and what will you do about it this week? Explore goals, small habits and a rhythm that does not depend on daily motivation.

03

STACK. | BITCOIN MINING

How Bitcoin mining works

What happens behind the scenes? Hashrate, difficulty and mining pools explained clearly, from computing work to reward distribution.

04

LEARN. | MONEY & PURCHASING POWER

What moves your money

Money creation, inflation and interest rates: understand how the monetary system works and why purchasing power is more than your account balance.

05

GROW. | TEAM BUILDING

From connections to a team

How do you build a collaboration people want to be part of? Shared goals, different strengths and a welcoming start that provides direction.

06

STACK. | UNDERSTANDING SATOSHI

Understanding the Satoshi offering

Miners, SPC and SMC, the user share and the reward ceiling: read the terms of a mining offering and identify questions to resolve before deciding.

TUESDAYS • SEASON 01

Learn. Grow. Stack.

Weeks 07 to 12.

Three alternating areas: money and the global economy, goals and leadership, Bitcoin and mining. Every episode includes a practical exercise.

07

LEARN. | THE GLOBAL ECONOMY

Why markets are connected

Interest rates, economic cycles, liquidity and global developments: put economic news into context and explore possible links between markets.

08

GROW. | COMMUNICATION & TRUST

Recommend what fits

Listen, explain clearly and share experiences honestly. Good conversations help the other person while leaving room for their own decision.

09

STACK. | WALLETS & SELF-CUSTODY

Your coins. Your responsibility.

Wallets, addresses, networks and withdrawals: understand how Bitcoin reaches your own custody and how BTC and BTGB differ.

10

LEARN. | MARKET PHASES & PERSPECTIVE

Understand the cycle. Keep perspective.

Bull markets, bear markets and the mood in between: interpret historical patterns, check sources and develop your own perspective.

11

GROW. | LEADERSHIP

Share responsibility. Grow together.

Feedback, clear agreements and personal responsibility: support people, address conflict and help a team take initiative.

12

STACK. | ACCUMULATION & ECONOMICS

What helps you stack?

Compare direct purchases, mining and reinvestment through examples. Consider costs, time, risks and what remains after all deductions.

THURSDAYS · HOT SEAT & TRAINING

Your question. Move forward together.

The Hot Seat gives a volunteer space to explore a specific question or challenge. Bring your own topic or simply listen and learn.

01 Share your topic in advance

Briefly describe your question and the support you would find helpful: an explanation, feedback or brainstorming together.

02 Take a closer look together

Explain your challenge. The group asks questions and offers focused feedback. You decide which ideas to take forward.

03 Choose your next step

We identify a manageable next step. Depending on the topic, an exercise or training session may follow.

BETWEEN CALLS: WHATSAPP

Ask questions, share experiences and connect with other members in the WhatsApp groups. Community members help when they have time and something useful to share. There is no 24/7 support or guaranteed response time.

The Hot Seat and community conversations are optional. You do not have to share personal details, buy anything or make referrals. Listening and learning are equally welcome.

An educational community initiative, not an official company document. No personalised investment advice or promises of returns. Any referral benefits will be disclosed.

YOUR LEARNING JOURNEY • 4 / 8 / 12 WEEKS

Recognise your progress. Shape your own path.

This guide shows what you can work towards by actively engaging with the content. Your pace is personal. Progress becomes visible in your understanding, decisions and actions.

04

WEEKS • FOUNDATIONS & DIRECTION

You can explain the basics of Bitcoin and mining, understand purchasing power and turn a personal goal into a first step.

Your check: a two-minute explanation, a written goal and a habit you have tried.

08

WEEKS • CLARITY & INDEPENDENCE

You develop clearer financial and personal goals, assess information more thoughtfully and explain your own perspective clearly.

Signs of progress: you can explain your next steps, acknowledge uncertainty and practise your chosen habits more consistently.

12

WEEKS • FROM LEARNING TO ACTION

You connect your knowledge to a specific project and recognise your strengths, for yourself and, if you wish, when supporting others.

Signs of progress: you have a realistic plan, have taken your first steps and know what you want to keep doing or change.

Write down three questions at the start and revisit them after 4, 8 and 12 weeks. All checks can be completed without investing. Income, returns and team size are not promised outcomes.
